Hi Stephanie,

Following up on an email that Mike Pinto just sent to Hunter, we are hoping to get the tables and figures summarizing all of the available sampling results for the navigation channel adjacent to the Arkema property by Friday. In light of that, Wednesday, October 30 is the preferred time for us, assuming that also works with Jim.

Thanks,
Matt

Subject: Arkema SOW updates and next call

Hi Matt and Jim,

Please see attached draft SOW that includes updates based on our discussion last week.

As we discussed, we understand Arkema will send data information to Hunter early this week in regards to the step-out issue. We are available next week at the below times to discuss that data further.

Monday, Oct. 28th from 12-2
Wednesday, Oct. 30th from 11:30-1

If either of those days work for you, please let me know and I will send out a conference line.

Thanks
